PROJECTS

NagarSetu | *AI-Powered Municipal Services Platform* | [GitHub](#) Mar 2026 – Apr 2026

- Engineered a **3-role grievance platform** (Citizen, Admin, Contractor) using **React 19** + **Vite**, reducing complaint resolution steps by **40%** via a fully automated end-to-end workflow.
- Integrated **Supabase** for OTP/password auth and PostgreSQL across **5+ relational models**; embedded **Google Gemini AI** to auto-score complaints, cutting admin triage time by **60%**.
- Built a **Node.js** + **Express** REST API layer and **4 real-time Chart.js** dashboards visualizing complaint trends across **6+ civic categories** via Supabase Realtime.

JanaDesh | *Online Voting Platform* | [GitHub](#) Jan 2025 – Feb 2025

- Built a fully responsive UI with **React.js** + **Tailwind CSS**, achieving a **95+ Lighthouse** score; consumed **10+ RESTful endpoints** from a **Flask** backend, cutting page load time by **30%**.
- Implemented **Redux Toolkit** for global state and persistent sessions, cutting redundant re-renders by **35%** with live election data synced from the Python server.

INTERNSHIP

Prodesk IT May 2025 – Jul 2025

Web Development Intern (Remote) *Node.js | Express.js | React.js*

- Delivered **3+ client-facing web applications** over 3 months with **100% on-time milestone completion**, working within structured Agile sprint cycles.
- Collaborated in a **team of 4** using Git branching strategies, reducing merge conflicts by **50%** and maintaining consistent code quality across all repositories.
- Architected React UIs with **custom hooks and context providers** across **15+ components**, cutting re-renders by **40%**; integrated **Cloudinary** and **Nodemailer** to replace 2 manual workflows.

AWARDS & CERTIFICATIONS

- LeetCode** — **200+ Problems Solved**: Solved **200+ DSA problems** spanning arrays, trees, dynamic programming, and graphs to strengthen algorithmic problem-solving fundamentals.
- Top 20** — **UHack 4.0 National Hackathon**: Ranked in the **top 2.2%** (top 20 of 900+ participants) in a 48-hour national hackathon across 3 elimination rounds.
- Responsive Web Design** — **freeCodeCamp (2025)**: Completed a **300-hour** certification covering mobile-first design, accessibility, Tailwind CSS, and JavaScript across **5 projects**.
